NCCA/NCBA Working for Producers to Get the Job Done

The N. C. Cattlemen's Association and the N. C. Cattlemen's Beef Council are your organizations which coordinate the promotion of beef and the beef industry. The NCCA through membership dues assists producers in legislative, regulatory and production issues, while the NCCBC promotes beef checkoff.

The leadership on the executive committee of the NCCA is made up of producers elected by their peers, who are directors of the Beef Board and the policy and federation divisions of NCBA, as well as at-large members representing NCSU and NCDA. All of these are North Carolina cattle producers who serve to represent you. These along with the elected officers make a highly-respected organization that functions to serve the cattle industry.

Your membership can magnify the Association's influence.

National Cattlemen's Beef Association Membership Benefits
